

Melsetter Cushion Errata

There are a couple of errors in the stitch counts for the edging of the Melsetter Cushion. The download pattern has been corrected but if you have a paper copy then you may have one that contains this mistake:

Page 10:

After Round 2 through to Round 6 you should have **380sts** with **94sts** between markers.

Page 11:

Round 6: You need to start in the **11th** st before the marker and not the 10th and then, when you have worked around the cover and are back on the same side as the button opening, you need to work **25** sts not 24 before you start the button hole repeat.

The stitch count should be **360** not 352 once the button holes have been made.

The stitch count of 92sts on the subsequent note (after Round 6) is correct.

slightly - this is what should happen!

● **Round 6:** Using **Dusk** and working along the side of the cushion cover that has the opening, join yarn into **10th** st before left hand marked corner st by working 1ch (does not count as a st), 1dc into same st, 1dc into each next 9sts (marker should be in the next st), * dc3tog over next 3sts, place marker into top of dc3tog just made, 1dc into each st along next side to marked corner st; repeat from * twice, (marker should be in the next st), dc3tog over next 3sts, place marker into
